Assisted batch upload

Design

Data spreadsheet

Links

If you [...], you may [describe the data you will collect in the design tab](#), and [begin uploading files in the data spreadsheet](#).

If you already have a backlog of data that you'd like to upload with additional assistance, you may do so here and someone from the Databrary team will be in touch with you soon.

Who should we contact for following up? *required

Name

Email

Briefly describe the files to be uploaded. This helps us make sense of the data and its organization. *required

- is this cross-sectional or longitudinal data?
- does each video correspond to a single participant?
- where are the videos collected?
- [other guiding questions, of things we'd like to know]

If you already have spreadsheet(s) of metadata that describe how your data is organized, please upload them here.
